

Portable Appliance Testing - City & Guilds 2377-12 - 2 Day

At the request of our students we have now constructed a two-day 'practical' workshop aimed at new starters to the testing of portable electrical equipment with minimal electrical knowledge, covering everything necessary to successfully achieve the City & Guilds examination, with certification awarded to successful candidates. The course includes both theory and extensive Practical elements.

The examination is a 1 hour multiple choice, open book PC based examination with instant results.

The course costs include comprehensive course notes based on the latest edition of the Code of Practice for In-service Inspection and Testing of Portable Electrical Equipment, examination entry fees, a buffet lunch and refreshments throughout the day.

Recommended book list:

Code of Practice for In-service Inspection and Testing of Portable Electrical Equipment ISBN 978-0-86341-833-4

The Code of Practice which is required for the examination can be loaned by ourselves for the duration of the course and examination.
