

## City & Guilds 2382-20 Level 3 Certificate in the Requirements for Electrical Installations - Update - BS 7671:2008 - 17th Edition Update

A one-day short course aimed at anyone who holds one or more of the following certificates:

- *City & Guilds Level 3 Certificate in the Requirements for Electrical Installations BS 7671: June 2001 (2381), or*
- *City & Guilds Level 3 Certificate in Electrotechnical Technology Installation (Building and Structures) (2330-07), or*
- *City & Guilds Level 3 Certificate in Electrotechnical Technology Electrical Maintenance (2330-08), or*
- *City & Guilds Level 3 Certificate in Electrical Installation Part Two (2360) (from January 1st 2004 onwards only)*
- *City & Guilds Level 3 Certificate in knowledge of Electrical Installation Engineering (2351) (only if achieved as part of an Electrotechnical Advanced Apprenticeship completed post January 1st 2004)*

It is assumed from the outset that the candidate has knowledge of BS 7671:2001, if this is not the case, even if you do hold one of the certificates above, we would highly recommend our 3 Day 2382-10 course.

The course will provide an insight into the changes between BS 7671:2001 and BS 7671:2008. It will focus on the changes in terminology, new additions, deleted regulations and reasoning behind the new tabulated values.

We are extremely proud of the success rate of our students who took the 2381 course and can see no reason why this will not continue with the advent of 2382. We look forward to adding you to our list of successful candidates!

The examination is a 1 hour 30 question multiple choice, open book PC based examination with instant results.

The course costs include examination entry fees, a buffet lunch and refreshments throughout the day.

### **Recommended book list:**

Available to purchase at discounted rate from Technique Training

**BS 7671:2008 IEE 17th Edition Wiring Regulations ISBN 97808634184**
